## Odor Neutralizer Commercial Concentrate

Our Odor Neutralizer is a concentrated liquid organic formulation that eliminates offensive odors at the source. It consists of all natural odor neutralizing compounds made from biodegradable ingredients extracted from freshly grown specialized plant material. It is safe even in contact with human skin or animals. While most products only mask odors with strong scents like perfumes, It totally neutralizes and extinguishes unpleasant odors without leaving a cover-up scent. It can be used in concentrated form or diluted to treat virtually any odor challenge in air, water or surface applications. Our Odor Neutralizer is environmentally safe, non-hazardous, non-toxic, non-corrosive and non-flammable.

Use in large projects for fogging, or adding to paints, adding to chemicals, adding to wastewater, composting facilities, garbage landfills, large buildings, factory emissions, food processing emissions and others.

### Odor Neutralizer

#41326—32 ounces, 1 liter

#41014—1 gallon, 3.8 liters

#41064—6 gallons, 22.7 liters

#41554—55 gallons, 209 liters

#41250—250 gallons, 950 liters

### Composition and Physical Properties

Natural Odor Neutralizing Compounds

Minerals & Esters

Special Process Extracts

Product Stabilizers

pH: 6.0-8.0 at 25°C

Boiling Point: 100°C

Freezing Point: 1.0°C

Solubility in Water: 100%

Specific Gravity: 1.0028

Appearance: Cloudy White

Odor: Fresh Scent

Our Odor Neutralizer can be misted or fogged into the air or applied directly to the odor source.
